

This household is against the weakening of the Indiana "No Call List Rules"
This Program has stopped unwanted phone calls to our "unlisted phone number" as
according to GTE rules. but does not stop the annoying and unwanted
solicitations that occur. Please do not weaken the Indiana "No Call List Rules"
My wife and I enjoy our privacy wiht what little time we have to spend together
after 50 hour and 75 hour work weeks respectively, annoying and unwanted phone
calls from solicitors only lessen our time together.
